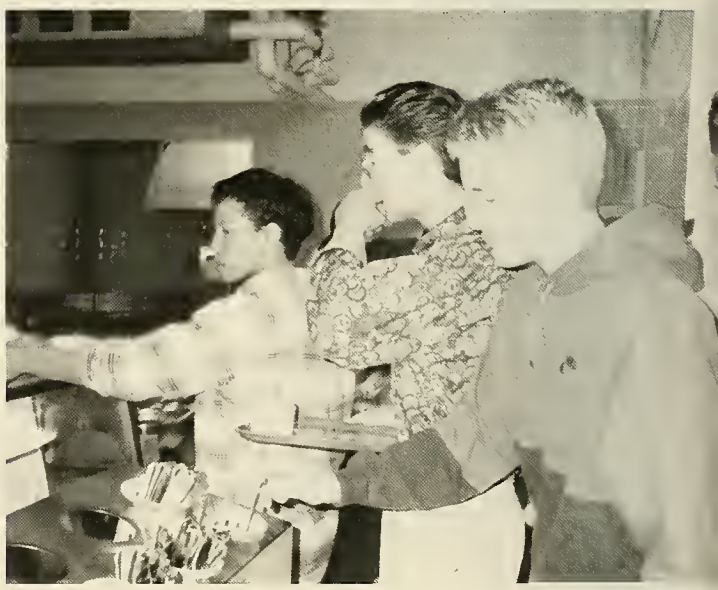
# Come And Get It!

Lunch — it's the favorite time of day for most students at Southbridge High. It's a time to chow down on the day's specials, meet and talk with friends, and to do some last minute studying for a test at the end of the day. Most of all, lunch is a time to sit back, relax and have fun. For teachers, lunch is a time to get away from their students. Mr. Bishop feels that lunch gives him "a chance to converse with his colleagues."

A new addition to our school cafeteria is a jukebox. The jukebox plays recent hits as well as music suitable for the faculty. Our salad bar now includes such favorites as hot rotini, pasta salad, tuna salad, and fresh rye bread.

Angela Sinni's favorite part of lunch is "the beans".

Lisa Staffieri's favorites are the "pink fluff dessert and tater tots".



Daniel Weberg grabs a fork in preparation for the feast of the day.

Sarah Gould calls to a friend to join h for some lunchtime conversation.

Sara Hmielowski gets some help from a friend in choosing from the various items at the salad bar.

Lori Caouette shows how enjoyable waiting in the endless lunch line can be.

Marc Julian and Becca Bachand make lunch a cultural experience by having cheese fondue in French class.

# Freedom

Miracle of all miracles, you got your license. You were fortunate. You actually came to a full stop at all the stop signs, you knew where your defrost button was, and you never came close to hitting a parked car. However, since you got your license how many times have you gotten stopped for being a threat to society? Have you forgotten to use your headlights at 11:00 at night, had too many people in your car, or been seen buying straws and gum just before making an illegal turn? Freedom brings an amazing amount of adventure to your life, doesn't it? Now, get out of here before anyone notices how fast you're driving!

Dana Yacavace and Brian Kearsley wait for the day that they will no longer need Dario Yacavace and his car to drive them to soccer practice.

Matt Bachand, carless for the day, tries to "bum a ride" off of Becky Norris.

Senior Carol Corriveau takes a last look back before getting into her car and heading home.

Junior Gavin Soderberg patiently waits to take a customer's order at Friendly's.

Seniors Nicole Meunier and Lisa Plante get ready to bag groceries at Park N Shop.

Video Haven's cashier, Senior Tina Baker, makes renting a movie a happy experience.

Senior Chela Gomez looks critically at the cash register at Friendly's.

Weighing produce at Big Bunny's is fun says Junior Tiffany Power.

et's see if this bag is big enough? Senior Amy Melendez hard at work at Brooks harmacy.

From cashier to clerk or stock person to waiting on tables, most of us in high school have some kind of responsibility after school each day.

As with every issue, there are pros and cons to working while attending school. First the pros. Holding a job while in high school gives you a better sense of who you are and how you will fit into the work world. It helps us to realize if we are or are not meant to deal with the public. Is it in your future to hold an office job? Or are you a person who likes to work outdoors?

Let's not forget the number one reason why most teenagers work. MONEY!!! We need money for the latest fashions; money for a car; money for college; and in some cases, money to pay the rent or put food on the table.

Now the cons. In many cases working while in school causes some of us to lose sight of our priorities, and we might slack off on our grades. Many students work so much in high school to save money for college that their homework and studying take a back seat to making that extra dollar. Their grades reflect this and make it hard for them to get accepted to the college of their choice. What good is the money now?

So, for those of you who work and still manage to keep up good grades, congratulations!!! For those of you who work and might be letting your grades take a back seat, get your priorities straight. What you do in school now will affect you for the rest of your life!!! And for the minority of you who do not work, enjoy it, you're lucky!!!

How many more cans can I put on this shelf? Senior Todd Splaine at Park N Shop.

Senior Matt Lesniewski earns extra money by selling hot dogs at his part time job at Coop's Scoops.

Only once a year will you see a style like this on Senior, Sean Petrin.

What's grosser than gross? Senior, Steve Sawyer in his Halloween get-up.

# Hallowed Halls Are Haunted!

The Juniors were sent to a galaxy far, far away with "Star Wars". The Sophomores traveled "West of Bartlett" to the 50's, and the Freshmen were lost in ancient Greece during the Trojan War. # Leave No Regrets . . .

For the Southbridge Pioneers Football Team, 1992 was overshadowed by last year's team record of 10-1 and the one loss to the Bartlett Indians on Thanksgiving Day. The newspaper declared that this years team was inexperienced due to the fact that the team had lost many key players. The season's outcome was doubtful.

Starting off the season with a loss against Northbridge brought team morale down but, Coach Jeff Theodoss would not let that be. "Leave no regrets on that field!" was said time and time again. His Message was not fully understood until the Pioneers faced Hoosac Valley. Hoosac Valley was the toughest team that Coach Theodoss thought we would ever face this season. Everyone in that locker room knew we had a job to do and we all went in with high spirits and expectations. Our dreams were shattered with another loss. Now we were 2-4 with a hard schedule against Palmer, Tantasqua, Burncoat, and Bartlett.

The S.H.S. Student Council sponsored our first uplifting rally for the Palmer game, spurting our "ganas" to a great victory. We had made a commitment to ourselves and to Pioneer Pride for 4 last wins. The week after, the S.H.S. Varsity Cheerleaders sponsored another rally for the game against Border Conference rival the Tantasqua Warriors. Once again the Pioneers answered the Student Body's support with a devastating victory. Pioneer Pride was once again to its fullest potential. The next target on the list was Burncoat. In front of a disappointing showing of fans, the Patriots were handed a loss.

Our last commitment was against our other Border Conference rivalry, the Bartlett Indians. Since last year, Southbridge had wanted revenge for the loss to the Indians that meant a chance to the Super Bowl, Border Conference, and an undefeated season. Our pride was on the line. Even though Southbridge lost the game 21-7, the team was still proud of turning an inexperienced group of kids into a hard working unit. The 1992 season was a time to rebuild and look forward to the future.

Center Josh Hmielowski and the Pioneer Line are ready to make a hole in the Tantasqua Defense.

# Shots Into The Net

Although this season will not stand out in the record books, it will always remain in the hearts of the 1992 Girls Field Hockey Team.

It was a time of learning to cope with our losses and celebrate our wins. We learned to pull together and by the end of the season we were all close friends. We'll all remember how fun shots into the net were, the grapevine sprints, the hurdling of the fence and claiming our territory.

# The New Dynasty

Sure look at this years' record, as a matter of fact look at the record for the past three years. Who cares? Usually a team spends a year rebuilding, we are just a little slower than most. Not only have the last three years been rebuilding years but just this past year has been a transitional year too. This year there was a coaching change from Tom Kruzcek to Bob Ravanelle. Also, this year there were many younger students seemingly interested in Soccer. With the recent joining of the Wells Jr. High team and the involvement of many underclassmen in the next few years there will be better teams and records to come. This year the team will lose only one senior starting full back position. A lot of starters are coming back, and Coach Ravanelle is prepared to turn around the last few years of S.H.S. soccer slumps and create a Ravanelle dynasty.

The 1992-93 Pioneer Varsity Basketball season was one of transition, learning, and setting standards for the future. The team was led by seven seniors, including tri-captains Kyle Hill, Orlando Rodriguez, and Mike Checkosky. Ron Giovanello returned to work Southbridge after more than ten years away from the game.

The Pioneers had high hopes at the beginning of the year but started out slowly, losing five of their first six games. However, after blowing out Auburn on local television, the team started its winning ways - coming out victorious in eight of their last eleven regular season games. Coach Giovanello led the Pioneers to a 9-8 regular season record, finishing third in the Border Conference, and a birth in the Division 2, District E playoffs. The revitalized Pioneers faced Nashoba Valley in a first round home game; however, a late game surge by the visitors meant a devastating one-point loss for Southbridge.

This year's team set the standards for future teams under Coach Giovanello. The school has many hopeful young stars for next season's team, but their goals and expectations will have to go beyond the success of the '92-'93 Pioneers.

# Cheerleading

S.H.S. - The Biggest, Th Best! many may recognize this cheer as one of many, which the cheerleading squads perform during the football and basketball seasons. This year the varsity squad felt a special kind of personal accomplishment. After emerging from the NCA Cheerleading Camp with a first place victory, the cheerleaders got their chance to take their talents, skills, and ability to fire up a crowd, to Dallas, Texas. With the help of all the businesses who donated money, everyone who purchased raffle tickets, and just the general support from the people of Southbridge, the cheerleaders' hard work paid off, and the squad finally made its voyage to Dallas, to show their excellence once again.

Dedication and practice are two main factors of a cheerleader's lifestyle, along with performance and pride. The job of the junior varsity, and varsity cheering squads is to bring out the spirit of the crowd; which is not always an easy task in the unfortunate event of being behind in a game. This hard work is proven once the cheerleaders take the floor to cheer on the mighty Pioneers to a victory once again.

Kim Daniels gets a boost to help cheer on the team.

# A Very Honorable Mention

Mrs. Sommer came to SHS in September as our school nurse. In addition to all the health duties and programs she coordinates, she serves as our advisor for NHS. Through her extra efforts, she has taught us to enforce and uphold the values of the NHS - character, leadership, scholarship.

We have learned the importance of these standards to us as individuals and as members of society from the guidance of such a dedicated advisor. Mrs. Sommer is a professional who exemplifies high standards, sincere values, and outstanding character - she leads by example. Everyone at SHS is fortunate to have such a person on staff.

# A Warm Welcome & A Fond Farewell

etiring Superintendent Mr. Lanni

This year brought several changes to the Southbridge School System. Among them were the retirement of Mr. Lanni, Superintendent of Schools, and Miss Swiacki's decision to teach at the Junior High. After four years Mr. Lanni is leaving our school system and taking his place is Mrs. Austin, Principal of West Street School. Earlier this year the SHS students and the English Department found themselves saying good-bye to a beloved teacher, Miss Swiacki. Her position was filled by former college professor, Mr. Morissette. We would like to welcome Mrs. Austin and Mr. Morissette and bid a fond farewell to Mr. Lanni and Miss Swiacki. We wish you the best of luck. Thank you.

Advisor: Mrs. Peg Bachand.

# Thanks

The Editors and Staff of the 1993 Musket wish to thank all the people who supported us and taught us how to Capture the Moment.

Studio 1, Mr. Bialy, The News, Don Lendry, Mr Soldani, and especially to Mrs. Varin and Mrs. Dunn who put up with us in the office every five minutes.

Very special thanks go to:

Mrs. Bachand who slaved over the typewriter for days to get everyone's name right. Thank you very much for putting up with the editor - in - chief during all these months of yearbook stress and the 17 years before it all started.

Stacey Ethier and Kris Gagnon who seemed to pull ads and photos out of their hats. Though there isn't a legal title for you as of yet I think "Good Friends Who Work Really Hard" fits pretty well.

Ms. Shea for all her advice and yearbook wisdom which she never failed to offer to us when we had times of crisis.

Misty-Dawn Shelly who has the amazing ability to deposit money to Mrs. McGann the right way. Remember, we're not done painting the world yet.

Becca Bachand who is responsible for all that is good about this book. Her unfailing dedication and ability to stay calm in a crisis has kept us all in balance. May you always remember the little room with the lime-green walls and all the thoughts within it.

WE ESPECIALLY WISH TO THANK ALL THE PEOPLE WHO BOUGHT THIS BOOK!!

Senior Lindsay Smith empties her locker before vacation. Who says you can't fit anything in those lockers?

Becky Spear and Alicia Lyman enjoy lunch time conversation.

Mike Wood works diligently to build a toothpick bridge that will hold more books than the other physics students' bridges . .
